Objective

I seek challenging opportunities where I can fully use my skills for the success of the organization. I am a highly driven Computer Engineering student seeking a full-time position in IT Industry where I can lend my knowledge of software development to help any organization improve productivity.

Experience

- Celebration Application Startup** Nov-2019 - April-2020
Flutter App Developer
Made Bakery and Cafes Location Tracker Module for the Celebration App. It was a nice challenge because to do my part I had to learn a fully new framework "Flutter", which I did learn in 3 weeks.

Education

- S.S.B.T'S C.O.E.T Bambhori, Jalgaon** 2018-Pursuing
B.E in Computer Engineering
9.23 CGPA
- Nutan Maratha College Jalgaon** 2016-2018
H.S.C in Science
77.85%
- New English Medium School Jalgaon** 2006-2016
S.S.C in English Medium
89.40%

Skills

- MERN Stack
- Flutter Framework
- C, C++
- Core Java
- Wordpress
- Arduino and Hardware

Projects

- Bakery and Cafes Location Tracker Module**
Challenging Project for a Startup. I had to **learn new Flutter Framework** for this Project. Learning phase **took only 3 weeks**.
- Aham Svasthah Web Portal.**
I am the **leader** of the project team working on this web app. Its **web portal** which can provide **healthcare services**, help to **get appointment in one click** and navigate to nearby medical services. Its a **MERN Stack** Web Application.
We **reached the final phase** of **I2I Project Competition** Arranged by **Bhau Institute C.O.E. Pune**.
This project is still in development phase.

- **Welcome Party 2K19**

I was the **Leader** of the **Event Management** Team of Welcome Party 2K19. It was a Freshers Party organised by Seniors for Juniors.

We faced some problems during the event but management team members were ready to tackle any problem.

Organising something this big was **satisfying and fun**.
